

## Blanks

Our range is too big to keep everything in stock but we do usually have most of our blanks available. Popular rods may be in stock but more often are built to order. We do not offer full custom building, but can sometimes make small modifications to order. However, we can quote for a special build if the quantities are reasonable.

**Section 1: Traditional Carp Blanks, unground finish as standard. Gloss and colour available.** Trade prices do not include VAT.
